Note: Rates and population figures for years 2001 - 2009 differ slightly from previously published reports, due to use of the population estimates which were available at the time of release.

The population figures used in the calculation of death rates for the age group 'under 1 year' are the estimates of the resident population that is under one year of age. [More information.](#) ([/wonder/help/ucd.html#Age Group](#))

Beginning with the 2018 data, changes have been implemented that affect the counts for ICD-10 cause of death codes O00-O99 compared to previous practice. In addition, data for the cause of death codes O00-O99 for 2003 through 2017 reflect differences in information available to individual states and probable errors. Caution should be used in interpreting these data. More information can be found at: <https://www.cdc.gov/nchs/maternal-mortality/> (<https://www.cdc.gov/nchs/maternal-mortality/>).
